Office of S. R. Van Duzer,

New-York, April, 1880.

To the Trade :

I TAKE pleasure in presenting you, herewith, my Catalogue with prices of to-day. It is not offered as a full list. My stock embraces every article in the Drug and other Departments enumerated in this Catalogue. The prices (subject to changes in market values) are net, except where discounts are noted. All inquiries by mail will receive prompt attention, and special quotations given for large quantities and goods in original packages.

Department of Specialties.

The extensive line of articles offered in this Department are all of my own manufacture, bearing my own name and exclusive trade-marks. These articles have for many years had a very large sale with the best and largest houses in the trade. No similar goods of either foreign or domestic manufacture surpass them in quality, and the prices are fixed to meet the closest buyers.

Department of Paints, Colors, &c.

Stock full and complete, each article bearing my own name and exclusive trade-marks. The same high standard qualities will be maintained. Genuine, Royal and Crown brands of Colors, dry and ground in Pure Linseed Oil.

White Lead, Zinc, Varnishes, Brushes, &c., all at lowest manufacturers' prices.

Special quotations, and inquiries by mail promptly answered.

Yours, very respectfully,

S. R. Van Duzer,

35 Barclay Street and 40 Park Place,
New-York.

S. R. VAN DUZER,

MARKET PRICE LIST.

DRUGS.

New-York, April, 1880.

Terms Net Cash, payable within 30 days, in current funds in New-York, subject to draft if not paid at the expiration of that time. Prices subject to future changes in market. We give in column two prices; generally the difference only covers the increased cost of putting up small quantities. Original packages always at the lowest prices.

S. R. VAN DUZER'S

Officinal Fluid Extracts.

We offer the following line of Fluid Extracts of our own manufacture, prepared with great care under our own immediate supervision by Repercolation (the only proper method whereby the active principle of the drug is obtained). The standard of strength is that of the U. S. Pharmacopœia.

The following prices are for Extracts in pint bottles; when ordered in one-half pints, add 20 cents per pint, and in one-quarter pints, add 50 cents per pint additional; five-pint bottles, 10 cents per pint less, subject to a liberal discount.

DRUGGISTS' GLASSWARE.

The extent and variety of the above lines of goods render a detailed enumeration, for want of space, impossible.

*The Admiration
of the
World.*
*Mrs. S. A. Allen's
World's
Hair Restorer*

IS PERFECTION!

Established 1832.

Improved 1879.

The nature of the great improvement is in its wonderful life-giving properties to faded or falling hair, and MORE QUICKLY CHANGING GRAY OR WHITE HAIR to its natural youthful COLOR and BEAUTY. IT IS NOT A DYE.

A treatise on the article, with full directions for use, will be found around each bottle, in the following languages:

ENGLISH,	ARMENIAN,	POLISH,	JAPANESE,
HUNGARIAN,	FRENCH,	GREEK,	SWEDISH,
SPANISH,	DUTCH,	ROUMANIAN,	TURKISH,
SERVIAN,	PORTUGUESE,	GERMAN,	ARABIC.
RUSSIAN,	DANISH,	ITALIAN,	

Sold by all Druggists.

NOTE.—Mrs. S. A. Allen has for over forty years manufactured two entirely distinct and different Preparations for the Hair—one under the name of Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER, and the other Mrs. S. A. ALLEN'S ZYLO-BALSAMUM. Neither contains any ingredients but what are perfectly harmless, and one or the other is adapted for every condition of the Human Hair. They should never be used together, nor oil nor pomade with either. The readers can easily determine which of the two preparations they require.

*Mrs. S. A. Allen's
Zylo-Balsamum.*

It is a COOLING, TRANSPARENT LIQUID, without Sediment, ENTIRELY VEGETABLE. A simple TONIC and DRESSING of inestimable value to the YOUNG, and all those who have no gray hairs. It will NOT CHANGE THE COLOR OF THE HAIR.

Premature loss of the Hair, so common in these days, is prevented. Prompt relief in thousands of cases has been afforded where the Hair has been coming out in Handfuls.

Use no OIL or POMADE, or any Preparation for the Hair, with Zylo-Balsamum.

SOLD BY ALL DRUGGISTS.

Large Glass-Stoppered Bottles.

MANUFACTURING DEPARTMENT.

Specialties,

STANDARD PREPARATIONS.

Office of S. R. Van Duzer,

New-York, April, 1880.

To the Trade:

I have the pleasure of presenting you herewith Catalogue of Specialties of my own manufacture, prices and discounts revised to date. I would ask a careful examination of this list. No similar goods, of either foreign or domestic manufacture, surpass them in quality, and each year shows an increase in sales to first-class trade. Liberal terms to the trade, and absolute guarantee of perfect satisfaction in every particular. Sample orders solicited.

Yours, very respectfully,

S. R. Van Duzer,

35 Barclay St. and 40 Park Place, New-York.

Packed in One Dozen Packages.

In 4 oz. Bottles.....	gross, \$36.00
“ “	doz. 3.25

PURE Concentrated Essence Jamaica Ginger, with those who know its many virtues, is held as a household necessity. Its tonic and correcting influences have made it of priceless value. It is delicious to the taste and entirely harmless. It cannot fail to cure Heartburn, Sour Stomach, Indigestion, Cramps, and Cholera Morbus. The enormous consumption of it has offered special inducements to many to manufacture it from inferior root, while others who have, in the past, obtained a reputation for their article, are now careless, and palm off an inferior article. The immense demand for our Preparation has induced us to manufacture it on a very extensive scale, and the reliable quality, perfect purity and excellence of our Preparation shall be maintained.

S. R. Van Duzer & Co's Special Safety Friction Matches.

The above is a fac-simile of our Label on each box of our Matches.

TOO MUCH caution cannot be exercised in the selection and use of matches.

The Fire Commissioners of all our large cities, in their reports, say that much loss of life and destruction of dwellings by fire are caused directly by the use of common matches, that are unsafe, made without care, and of inferior quality.

Our Special Safety Friction Matches are commended by the Fire Insurance Companies as the safest and best.

First-class hotels in all parts of the country prefer these to all others.

They have stood the test of years in climates where all others have failed. DAMPNESS does not affect them.

Every box is full count, and every match is selected, and guaranteed that it will ignite when fairly struck; this fact presents a practical item of economy.

See that the words Special Safety are on every box, together with our name, and take no other; as inferior matches are often substituted as being "just as good," they are not and cannot be.

One trial will prove the superiority of

PRICE LIST.

Terms Net Cash, payable within 30 days, in current funds in New-York, subject to draft if not paid at the expiration of that time. **Prices subject to future changes in market.** We give in List of Sundries two prices; generally, the difference only covers the increased cost of putting up small quantities. Original packages always at the lowest prices.

Office of S. R. Van Duzer.

New-York, April, 1880.

To the Trade.

My stock consists of a large and most complete assortment of all articles in this line. To explain the quality of the several brands of colors I offer, would say, all colors dry and in oil bearing my own name and labeled Genuine are guaranteed by me to be of absolute purity.

The Royal brand, my second quality, is fully equal to many of the so-called "genuine goods."

The Crown brand, next, at a corresponding reduction in price, supplies the want when cheapness is imperative.

The English Lawn Green, which has become a standard article, I commend for its brilliancy and durability of color as the best blind-green.

Parties who may favor me with their orders, whether for large or small quantities, may be assured of lowest market prices, perfect satisfaction in qualities, and prompt shipment.

Yours, very respectfully,

S. R. Van Duzer,

35 Barclay St. and 40 Park Place, New-York.

AN UNBROKEN RECORD OF SUCCESS.

DURYEAS' Glen Cove Starch
Mfg. Co. received the **ONLY**
GOLD MEDAL, over all com-
petitors, at
PARIS EXPOSITION, 1878.

A few Fac-Similes of Prize Medals Awarded the Messrs. Duryea, over
all competitors, for the "Perfection of Quality of their Goods."

The above medals present an array of irrefutable testimony in favor of
Duryeas' Starch, well worthy of the serious consideration of all
who want the best and most economical; each medal represents a
decision of a separate Board of Scientific and Disinterested Jurors. No
greater evidence of superiority can possibly be submitted. Comments of the
manufacturers can add nothing thereto.

DURYEAS' SATIN GLOSS STARCH

Gives a Beautiful, White, Glossy and Lasting Finish
besides renders Fabrics very Durable. Try it.
No other Starch so easily used or so Economical.

DURYEAS' IMPROVED CORN STARCH.

Manufactured by a greatly improved process, from the Best
Selected Indian Corn, and Warranted Perfectly Pure.

DURYEAS' STARCH,

In every instance of competition, has received the highest award.

In addition to Medals many Diplomas have been received. The following are
a few of the characterizing terms of award: at

London, 1862, for quality, "EXCEEDINGLY EXCELLENT."
Paris, 1867, "PERFECTION OF PREPARATION."
Paris, 1878, "BEST PRODUCTION OF ITS KIND."
Centennial, 1876, for "NOTABLE OR ABSOLUTE PURITY."
Brussels, 1876, for "REMARKABLE EXCELLENCE."
Franklin Inst., Penn., "FOR SUPERIOR MERIT, not alone as being THE
BEST OF THE KIND EXHIBITED, but as THE BEST KNOWN TO
EXIST IN THE MARKET OF AMERICAN PRODUCTION."

Be Sure "Duryeas'" is on Every Article.

FOR SALE BY GROCERS GENERALLY.

Our new Recipe Book will be sent, post-paid, to any one sending their address to

WM. DURYEA, General Agent, 29, 31 and 33 Park Place, N. Y.

JOHNSTON'S

Patent Standard

KALSOMINE.

“Ready For Use.”

This Kalsomine is an article that, in the most inexperienced hands, cannot fail to produce a pleasing effect.

It is endorsed by Painters, Dealers and House-keepers, wherever tried.

It is ready for use by the addition of water only, being an impalpable powder.

It will not rub or scale from the wall.

It will work well upon absorbent, or what are known as hot walls.

It is invaluable in cleansing and disinfecting walls that are impregnated with germs of disease.

It is made of the purest white, and in gradations of all the leading and fashionable tints—“from grave to gay, from common to sublime.”

It is sold from sample card; all the tints, shades, and colors are warranted in every respect accurate.

It will **KEEP FOR YEARS** without change in Quality or Color.

It is packed in strong Manilla paper packages, of box form, holding six pounds, with full directions for use.

A six-pound package will cover 400 square feet with one coat, on a hard-finished wall.

A pail of this Kalsomine can be mixed in five minutes.

SEND FOR SAMPLE CARD AND PRICES.

CAUTION.—The wide-spread popularity of my PATENT KALSOMINE and Fresco Paints having induced unscrupulous parties to foist upon the market worthless preparations, under various names, purporting to be for the same purposes, I caution the public to guard against such frauds, by seeing that my Name and Trade-Mark are on every package.

H. M. JOHNSTON, Patentee.

MALTINE.

BY PROF. JOHN ATTFIELD, F. C. S.,

Professor of Practical Chemistry to the Pharmaceutical Society of Great Britain; Author of a Manual of General Medical and Pharmaceutical Chemistry.

LONDON, 17 BLOOMSBURY SQUARE, W. C., }
October 28th, 1878. }

To Messrs. Reed & Carnrick:

GENTLEMEN:—I have analyzed the extract of malted Wheat, malted Oats, and malted Barley, which you term MALTINE. I have also prepared, myself, some extract from these three malted cereals, and have similarly analyzed it, and may state at once that it corresponds in every respect with the Maltine made by myself. As regards the various Malt Extracts in the market, I may remark that your MALTINE belongs to the non-alcoholic class, and is far richer, not only in the directly nutritious materials, but in the farina digesting Diastase. In comparison, your MALTINE is about ten times as valuable, as a flesh former; from five to ten times as valuable as a heat producer; and at least five times as valuable as a starch digesting agent. It contains, unimpaired and in a highly concentrated form, the whole of the valuable materials which it is possible to extract from either malted Wheat, malted Oats or malted Barley.

Yours faithfully,

JOHN ATTFIELD.
